Dear Nicola and Christine,

Having recently returned from yet another extremely successful Expo, I must thank you and all of the JEKA staff for all the help and cooperation given from yourselves in the UK office to the representatives in Le Gorges du Tarn (especially the local Rep. Rob from Belgium) and all of the various activity instructors.

The JEKA concept, not only represents good value for money but remains a fantastic opportunity for any Explorer Scout Unit to enjoy an International Expedition.

As you are aware, we have used Jeka 9 times in the past 11 years and will be looking again, soon, for 2012.

Many thanks.

Yours sincerely,
