

Thank you Jeka, I had the most wonderful trip to Switzerland in August. The trip was brilliantly organised, our Chalet was lovely, everyone we met was very friendly and all the activities were so enjoyable - I had such fun!!! The memories will last with me forever!

### Our visit to Switzerland

Our trip to Switzerland with the Guides was fantastic. We had such a great time, meeting and making new friends, exploring new places and facing a few new challenges like tobogganing and riding on the cable cars. The visit to Our Chalet will be remembered for ever. We loved the boat ride on Lake Thun and being high up on the mountains. The views were spectacular. Some of the steep winding roads were a bit scary but our coach drivers were just 'the best'. They were quite 'cool' too and gave some vey funny commentaries, and they knew all the words to our sing-a-long entertainment!!! We have given a presentation to our Guide Unit and now everyone wants to go to Switzerland.
